

Webarchitects  
Co-operative  
NEWSLETTER  
Autumn 2017

## Webarchitects have moved

With the closure of our previous building, Webarchitects are now based closer to central Sheffield, at Harland Works on John Street. Our phone number is unchanged.

## Looking for premises?

The office opposite ours will soon become vacant, it would be great to have friends and co-op members there – if you know anyone seeking a Sheffield base at [Harland Works](#) please spread the word!

## Co-operative technology for good

Webarchitects helped found a 26-strong UK-wide forum of tech co-ops, [CoTech](#) working for co-operation and good technology. Their next gathering is 13<sup>th</sup>-16<sup>th</sup> November 2017 at Wortley Hall, near Sheffield.

## Long live the Ethical Revolution!

[Ethical Revolution](#) is the world's first ethical discount site. Boycott Amazon and shop with a conscience! Webarchitects proudly became one of the first 100 organisations listed.

## Party!

Webarchitects started 20 years ago, so **we're having a party - and you're invited!** Sat 3rd March 2018 at Harland Cafe, below our office. DJ Serious Sounds, drinks and food. More details soon ...

## Like Webarchitects? Please tell your friends!

Most of our new work comes by word of mouth. We love it when we're recommended to new customers. If your friends, colleagues or contacts could benefit from our services, please tell them about us!

## NEW SERVICES from Webarchitects

Following our successful introduction of easy to use, pre-configured [WORDPRESS hosting](#), we are now bringing in more new products.

**Free GIT hosting.** We provide our co-operative members with free, unlimited git hosting for source code, issues and documentation on our GitLab CE server at [git.coop](#). We can also provide maintained virtual private servers running GitLab CE for clients.

Webarchitects now offers **DISCOURSE community discussion forums**. It's feature-rich, free, open source, online discussion board software for organisations. Elegant and easy to use, Discourse also runs on iOS and Android mobile. It's the perfect replacement for insecure email discussion lists, or worse, discussion via Facebook!

### Why trust your cloud storage to a US-based corporation?

We now offer **NEXTCLOUD**. This leading free, open source, web based office application offers document sharing, contacts, calendar and much more. Webarchitects provides managed Nextcloud virtual servers. Get your organisation onto the co-operative cloud!

**Webarchitects are green.** Our Sheffield data-centre runs on Good Energy. Our Iceland hosting uses geothermal and hydro electricity. **Free/libre/open-source** software specialists.

**Hosting for all websites.** We help with all aspects of design and development, from domain name registration to systems admin.

**Honest advice** from real human beings!

**We believe in transparency.** You can always check the status of our services at [webarch.info](#). Details of any issues with our servers or services, like our recent Sheffield server move, are always online.
